Prima

Dear customer,

Many thanks for choosing to purchase a TAURUS brand product.

Thanks to its technology, design and operation and the fact that it exceeds the strictest quality standards, a fully satisfactory use and long product life can be assured.

DESCRIPTION

- A Speed selector control
- B Whisk release button
- C Turbo button
- D Motor body
- E Blending whisks
- F Dough hooks

SAFETY ADVICE AND WARNINGS

- Read these instructions carefully before switching on the appliance and keep them for future reference. Failure to follow and observe these instructions may result in an accident. Failure to follow and observe these instructions may result in an accident.
- Clean all the parts of the product that will be in contact with food, as indicated in the cleaning section, before use.
- This appliance must not be used by children. Keep the appliance and its cable out of reach of children.
- This appliance can be used by people unused to its handling,

disabled people if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.

- This appliance is not a toy. Children should be supervised to ensure that they do not play with the appliance.
- Always disconnect the appliance from the mains if left unattended and before assembly, dismantling or cleaning.
- If the mains connection is damaged, it must be replaced. Take the appliance to an authorised Technical Assistance Service In order to prevent any danger, do not attempt to dismantle or repair it yourself.
- Ensure that the voltage indicated on the nameplate matches the mains voltage before plugging in the appliance.
- Connect the appliance to a base with an earth socket withstanding a minimum of 10 amperes.
- The appliance's plug must fit into the mains socket properly. Do not alter the plug. Do not use plug adaptors.
- Keep the working area clean and well lit. Cluttered and dark areas invite accidents.
- Keep children and bystanders away when using this appliance.
- Do not use the appliance if the cable or plug is damaged.
- If any of the appliance casings breaks, immediately disconnect the appliance from the mains to prevent the possibility of an electric shock.
- Do not use the appliance if it has fallen on the floor, if there are visible signs of damage or if it has a leak.
- Do not force the electrical wire. Never use the electric wire to lift up, carry or unplug the appliance.

- Do not wrap the cable around the appliance.
- Check the state of the power cord. Damaged or tangled cables increase the risk of electric shock.
- Do not use or store the appliance outdoors.
- Do not touch the plug with wet hands.
- Take the necessary measures to avoid starting the appliance involuntarily.
- Do not touch any of the appliance's moving parts while it is operating.

USE AND CARE:

- Do not use the appliance if its accessories are not properly fitted.
- Do not use the appliance if the on/off switch does not work.
- Do not turn the appliance over while it is in use or connected to the mains.
- Disconnect the appliance from the mains when not in use, before cleaning, making any adjustment, battery charge or accessory change.
- This appliance is for household use only, not professional or industrial use.
- This appliance should be stored out of reach of children and/or the disabled.
- Keep the appliance in good condition. Check that the moving parts are not misaligned or locked and make sure there are no broken parts or anomalies that may prevent the appliance from operating correctly.
- Never leave the appliance connected and unattended if it is not in use. This saves energy and prolongs the life of the appliance.
- Do not use the appliance for more than 5 minutes at any one time. Allow to cool for 15 minutes before subsequent use.

SERVICE:

- Any misuse or failure to follow the instructions for use renders the guarantee and the manufacturer's liability null and void.

INSTRUCTIONS FOR USE

BEFORE USE:

- Make sure that all the product's packaging has been removed.
- Before using the product for the first time, clean the parts that will come into contact with food in the manner described in the cleaning section.

USE:

- Unroll the cable completely before plugging it in.
- Connect the appliance to the mains.
- Start the appliance; press the speeds button (A).
- From the appliance's five speeds select the one you need. Always start with slow speeds and increase gradually until you reach the one you wish to use.
- Work with the food you want to process.

ONCE YOU HAVE FINISHED USING THE APPLIANCE:

- Stop the appliance, selecting position 0 on the selector control.
- Unplug the appliance from the mains.
- Clean the appliance.

ACCESSORIES:

BLENDING WHISKS (E):

- This accessory is used to whip cream, beat egg whites...
- Insert the blending whisks into the orifices in the body of the motor pressing them in until you hear a click (Fig. 2). The blending whisks can be placed in either of the two orifices, as they are identical.
- Put the food into a large receptacle and switch the appliance on. For best results, turn the whisk clockwise.
- Remove the blending accessory pressing the eject button.

DOUGH HOOKS (F):

- This accessory is used kneading bread, pizza dough, and cakes...
- Insert the dough hooks into the orifices in the body of the motor pressing them in until you hear a click (Fig. 2). The dough hooks are not the same. Place the dough hook with the washer in the large orifice. They cannot be fitted inversely.
- Put the food into a large receptacle and switch the appliance on. For best results, turn the whisk clockwise.
- Remove the kneading accessory pressing the eject button.

TURBO FUNCTION (C):

- This allows you to work using pulses and helps to control the result of the preparation.
- Press the turbo button (C). Keep the button pressed down to achieve the desired result.

CLEANING

- Disconnect the appliance from the mains and allow it to cool before undertaking any cleaning task.
- Clean the equipment with a damp cloth with a few drops of washing-up liquid and then dry.
- Do not use solvents, or products with an acid or base pH such as bleach, or abrasive products, for cleaning the appliance.
- Do not let water or any other liquid get into the air vents to avoid damage to the inner parts of the appliance.
- Never submerge the appliance in water or any other liquid or place it under running water.
- The following pieces may be washed in a dishwasher:
 - Blending whisks
 - Dough hooks

ANOMALIES AND REPAIR

- Take the appliance to an authorised technical support service if problems arise. Do not try to dismantle or repair without assistance, as this may be dangerous.

FOR EU PRODUCT VERSIONS AND/OR IN THE CASE THAT IT IS REQUESTED IN YOUR COUNTRY:

ECOLOGY AND RECYCLABILITY OF THE PRODUCT

- The materials of which the packaging of this appliance consists are included in a collection, classification and recycling system. Should you wish to dispose of them, use the appropriate public containers for each type of material.
- The product does not contain concentrations of substances that could be considered harmful to the environment

This symbol means that in case you wish to dispose of the product once its working life has ended, take it to an authorised waste agent for the selective collection of waste electrical and electronic equipment (WEEE)

This appliance complies with Directive 2006/95/EC on Low Voltage, with Directive 2004/108/EC on Electromagnetic Compatibility, with Directive 2011/65/EU on restrictions on the use of certain dangerous substances in electrical and electronic appliances.
